### **FINAL GUIDELINES FOR COUNSELLING OF L4 & L5 FTEs AND OF EO's-DWCRA, MAY 2011**

#### **1. INTRODUCTION:**

1.1 The Society for Elimination of Rural Poverty (SERP) has, in view of administrative exigencies, contemplated to take up general counselling to secure effective management of the employees and for effective implementation of its project. Moreover, there has been a long pending request of the FTEs to be considered for getting positions closer to their native places. However, the current guidelines stipulate that FTEs can be positioned outside their native clusters, native revenue divisions and native districts as per their level. As such, the Executive Committee of SERP at its meeting on 25th March has considered this issue in pursuance of Section 9.4 of the “Terms and Conditions of the Employment of SERP employees, 2009” and resolved that all L1, L2 and L3 FTEs can opt to be positioned in any mandal except their native mandal and L4 and L5 FTEs can opt for any cluster other than their native mandal cluster, subject to performance being the criteria for counselling.

1.2 Based on the above decision of the EC it is now proposed to conduct general counselling for all FTEs of SERP in accordance with the following broad principles.

1. A performance grading has been done for all FTEs based on objectively verifiable criteria by the respective Unit Heads.
2. The parameters used for performance grading, the method of measurement, all the input data and the performance grading of each FTE ( on a 100 point scale) has been published on the SERP website.
3. All the FTEs were given an opportunity to view the above performance grading and file their objections (if any) in the prescribed proforma to the PD DRDA/PO ITDA through the APM (HR) before the scheduled deadline. Each such objection/representation has been duly considered and all reasonable and necessary corrections have been made to the performance grading of the FTE and the final Performance Grading of all FTEs has been determined and been published on the HRMS website

4. The performance grades now obtained by FTEs will not be used for any purpose in the future. These grades are only for the purpose of General Counselling- 2011.
5. A complete Directory of level wise positions available at the cluster, DPMU/TPMU, EGMM and at SPMU and the draft guidelines for the counselling has been published on the website for comments. After the scheduled deadline, all the comments have been considered and the final Directory of positions and the final guidelines are being published well before the scheduled counselling. The primary criteria in determining the positions in the directory is the need of the project for positions in particular DPMU/TPMU in view of the on-going or scheduled project interventions. In accordance with the EC resolution, effort has been made to accord FTEs with positions in their native districts. However counselling can not ensure that every FTE gets a position in their native district only.
6. The general counselling shall be done in an open house with all FTEs of the relevant level participating. The final performance grading obtained by the FTE shall be the sole criteria for that FTE opting for a particular position from the final Directory of positions, with the FTE with the highest grading getting the first opportunity to opt for a position and then the second person and so on. In case there is a tie between one or more FTEs in the performance grade, then the tie breaker shall be gender, with women FTEs getting preference, then seniority (as determined by net effective date) and the date of birth (older person getting preference) in that order. At the beginning of counselling, all the positions in the directory shall be open. –subject to the stipulations described below if any.
7. The number of positions of a particular level available for counselling shall be equal to the number of FTEs available of that particular level. To ensure this the number of positions for Bank Linkage in DPMUs shall be made available only according to the priority as shown in Annexure II.

1.3 It is proposed to conduct counselling of L4 and L5 employees of SERP and for the purpose of conducting counselling smoothly, the following detailed guidelines are issued. The Counselling shall be done by the SPMU team at the state level. The purpose of conducting Counselling will be explained to all the eligible employees in the open house by the SPMU team. The objective of conducting counselling is to sensitize FTEs on the mandate given to SERP as an organization to take up Poverty Reduction initiatives. All FTEs are required to stay at the headquarters opted by them in the counselling. They must take up residence and stay in the allotted place without fail. It may also be impressed upon the individual that the method of

counselling being adopted in SERP is different from other organizations for the simple reason that the focus of SERP will be performance grading and on the most needy areas and mandals.

## **2. PROCEDURE OF COUNSELLING**

- 2.1. Schedule and venue of counselling shall be communicated by the Project Directors of DPMU/TPMU to each of the participating FTEs by SMS or through any other mode of communication, besides placing the same in the notice boards of DPMUs and TPMUs of the concerned districts. All FTEs, except those specifically exempted, are advised to participate in the counselling. Any FTE, who is not able to participate in the counselling for any medical or other emergency reasons, can authorize any other person of his choice to participate in the counselling by submitting relevant certificate. The decision of the SPMU team regarding granting of such permission to a representative shall be final.
- 2.2. Attendance of all the participants shall be taken level-wise.
- 2.3. The procedure for counselling shall be explained to all the participants.
- 2.4. Counselling of FTEs shall be held strictly in the following sequence only, subject to clauses 2.6 and 2.7 below.
  - i. FTEs with 70 % or more disability as per the certificate issued by SADAREM shall be counselled first.
  - ii. Positions of DPM (Finance) with those FTEs who are currently working as DPM (Finance)
  - iii. Those L5 and L4 FTEs covered by clauses 2.6 and 2.14 below
  - iv. Remaining L5 FTEs
  - v. L4 FTEs who got career advancement in the years 2009 and 2010 as well as EOs-DWCRA who were placed as ACs in the years 2009
  - vi. All L4 FTEs who got career advancement in 2011 and EOs-DWCRA who are proposed to be placed as ACs now.
  - vii. All L3 FTEs who are on career advancement to L4.
- 2.5. All L4 and L5 FTEs who have completed 5 years of stay in one district as DPMs/ACs on 01.04.2011 (including period before 01/01/2008) can not opt for the same district. Such FTEs have to work in any other districts for at least two years continuously, before coming back to the same district. However, this two year cooling off period will not apply to those L4 and L5 FTEs who went to non-native districts during counselling in 2009 or 2010. However this restriction will not be applied for FTEs who are coming back to SERP from deputation.

The FTE concerned will be solely responsible for ensuring that he does not opt for a position in DPMU/TPMU of a district in violation of above said criteria. Such options

will be treated as invalid whenever they are detected. During Counselling, such FTEs will be allowed to exercise their revised option for available positions only after the completion of all other FTEs/EOs-DWCRA

- 2.6. To ensure continuity of project interventions, it has been decided that of all L4/L5 FTEs currently working (as on 01.05.2011) in the following functional units at DPMU/TPMU, (at least 50%) the minimum specified number of them should continue in the same functional unit only, in any district of their choice subject to clause 2.5 above.

Sl No.	Name of the Unit	No. of Existing L4-L5 FTEs with the unit	Minimum Number of FTEs to be retained in the same the Unit
1	CB	3	2
2	Disability	7	4
3	Gender	5	3
4	IB	29	15
5	Marketing	10	5
6	NPM	9	5
7	SS	20	10

For this, counselling process will be conducted in two phases. In the first phase, the FTEs opting for their current functional unit will be identified. If the number of FTEs opting for their current functional unit is more than the specified requirement, then the FTEs who are having higher performance grades will be selected for the same till the minimum requirement is met. If the number of FTEs opting for their current functional unit is less than the specified minimum requirement, then the FTEs who are having the least performance grades will be selected for the same to make up to the specified requirement in addition to the already interested FTEs. The FTEs identified in the first phase shall exercise their options for a DPMU/TPMU before the second phase, among themselves subject to the sequence in clause 2.4 above. .

- 2.7. The second phase will include all FTEs who could not exercise their options in the first phase and will take place purely on the basis of performance grades in accordance with clause 2.4 above.
- 2.8. All L4/L5 FTEs working in SPMU and EGMM, Hyderabad can opt to stay back in the same functional unit of SPMU subject to the condition that they have not completed 7 years in that functional unit in SPMU as on 01.04.2011. Other FTEs of SPMU need not participate in the counselling.

- 2.9. All L4-L5 FTEs working in SPMU, those who want to opt for DPMU/TPMU positions and those who have completed 7 years in the functional units as on 01-04-2011 only shall participate in the counselling.
- 2.10. Those FTEs in SPMU on career advancement from L3 to L4 level should participate in the counselling.
- 2.11. FTEs of L4 and L5 levels shall not opt for Area Coordination positions in their native clusters ie clusters containing their native mandals. For this purpose the list of clusters and corresponding mandals as approved by CEO, SERP in July-August 2009 (see Annexure IV) shall be regarded as final. It shall be the sole responsibility of the FTE not to opt for a position in violation of this clause. Whenever, such violations are detected, (even after counselling) the positioning of such FTE in that position shall be void *ab initio* and the period such FTE has worked in such position shall be treated as leave on loss of pay and will therefore not count for sanction of increment and seniority. This clause shall apply also to EOs DWCRA opting for AC positions
- 2.12. Legal Coordinators can opt for Legal Coordinator positions only. Legal Coordinators are entitled to retain their existing positions. They need not attend the counselling except those who intend to change their districts. - before the start of the second phase of counselling. On completion of this allocation, unfilled JDM positions shall be made open for all FTEs.
- 2.15. Those EOs-DWCRA eligible for the post as Area Coordinator can opt for Area Coordinator or DPM (Non Farm) posts in any district. No FTE can opt for DPM (Non Farm) position.
  - 2.16. Those EOs-DWCRA who are eligible for the post of DPM (Non Farm) can only opt for DPM (Non Farm) in any district.
  - 2.17. All EOs-DWCRA are entitled to be positioned in their parent DRDAs as Area Coordinators or as DPM (Non Farm) and for this purpose, they can opt for vacant AC posts reserved for Government staff, if when their turn comes for exercising option during counselling, no AC (FTE) vacancies are available.
